RE : APPRECIATION FOR EXCELLENT SERVICE

Refer to the above mentioned that I would like to take this opportunity to thank Nick Yang for the excellent service & patient that I have been received for the website and email hosting services.

Nick Yang was the Sales Engineer that attended to our company queries and issues that we had, he very responsible & patient to resolve our company hosting issues and upgrading of our hosting with very little downtime.

For this kind of employee, very hard to find from market. I believed that he will be a Gem to IMBA Solutions. Well done and keep up the good performance.

Your kind attention is highly appreciated.

Thank you.

Yours faithfully,

 LU JIANN CHANG
