TESTIMONIAL LETTER

To whom concerned,

My experience working with Cheryl Chau from Firstcom Solutions Pte Ltd has been enjoyable and pleasant.

Cheryl was able understand our requirements clearly from the start and proposed to us several different website layouts for our consideration. She was constantly able to advise and provide solutions that were out of the box and did a great job coordinating all the efforts to get our website up.

I was most pleased when Cheryl went the extra mile to accommodate us when we required changes at a late stage of the website development.

Yours sincerely,

Derrick Kow
