Dear Sir

We have engaged Firstcom solutions to revamp our current website in 2014. The staff are efficient and friendly.

Ms Grace Chin who is the coordinator as well as the designer of this website project. She has performed well in her tasks and understand our requirements on the new website. She also assist us in the claim process which helps us to save time and effort.

In addition, the training she provided to us is well organised and she did an excellent job.

Keep up the good work!

Yours faithfully

Vincent Oh
Sales Manager
M: 9621 8547
