Attn: Jason Koh (Project Executive)

Dear Jason,

We would like to express our gratitude to you and your team in providing us just exactly what our company needed. Our website has been designed in a way that fits our target market and highlights on what services we really provide. You have been very patient in walking us all the way through from planning, designing to execution. We are very glad that even after the project has been completed, your team is still there ready to help whenever we need assistance.

Thanks again for all your efforts and more power.

Sincerely,

Leslie Gerasmio
Manager
