Testimonial Letter

To whom concerned,

Candy House would like to extend our warm appreciation to Jolene from Firstcom Solutions Pte Ltd for her professional assistance in getting our digital marketing project set up. The digital marketing has helped to transform our business from a retail and event-based model to include e-commerce sales.

She has put in lots of effort to guide and assist in creating our positioning in our digital sales. Our social media has gained a wide attention and audience since the digital marketing started operating.

Keep up the good work and hope more companies can benefit from your guidance.

Yours Sincerely,

Simon Bong Yew Keng
Director
Candy House Concepts Pte Ltd
