TESTIMONIAL

Dear Jim & Charmaine,

Time flies and its past 6 months since we've worked with FirstCom Solutions and the team. The team have helped us onboarded and digitalised our business to reach out to our intended target audience.

In replacement of Claudia, we've started to work with Charmaine since January 2020 for our Social Media Marketing needs as part of the contracted services for Fave Fine Food. Charmaine has been a Great Help and easy to work with. The service and experience we received from her has been exceptional and her ideas are refreshing. She is very professional, knowledgeable, and act prudently in the interest of the client, truly commendable which prompted us to write this appreciation note.

Kudos, keep up the great work and we certainly look forward to our continued partnership!

Stay #SGUnited, Stay Safe, Stay Healthy!

Kind Regards,
