I would like to express my gratitude and appreciation to Ms Aderlene Foo and her team from FirstCom Solutions Pte Ltd for her support and outstanding service for my project during this COVID-19 period.

We first came on board to work with FirstCom for the Online Ordering & Payment System earlier this year and it would be crucial for us to go digital and this was right before the heightened alert.

Aderlene and her team was both professional and great to work with! The project was done with haste and accuracy and the system was ready before schedule. Overall it was a great experience working with FirstCom and on behalf of Sino Services Pte Ltd (Belli Cafe) I would like to commend them.
