To whom it may concern,

Here at Yamagawa Japanese Restaurant, we have been providing a sensational dining experience to our guests since 1993 through our restaurant. However with the recent pandemic, we needed to go online and have since reached out to FirstCom Solutions for the Online Ordering & Payment System Version 0.9.

The system has proven to us its usefulness and we have successfully gone online and created a secondary source of orders for the business to keep it going during this pandemic. I would like to take this opportunity to thank FirstCom for this solution as well as the team involved in the successful implementation, namely Ms Aderlene Foo as well as Mr Nicholas Shen. Both of which have greatly contributed to the implementation. With this great experience, I look forward to future collaborations with FirstCom Solutions!
